

**If you need care right away and you're not sure what to do, call your Primary Care Provider (PCP).** Your PCP can tell you if you should see them for an appointment. They can also help you decide if you need to visit an emergency room or an urgent care center.

If you are not able to reach your PCP, consider going to an urgent care center. Here is a list of urgent care centers in Colorado. **You do not need to go to an in-network urgent care center for urgent care.** Go to the nearest urgent care center.

**This booklet is a list of urgent care centers.** Each center is listed by city. Included is the center's address, telephone number and hours of operation. This information was accurate at the time the booklet was edited and is subject to change. To make sure you have the most up to date information, call the center before visiting.

If you have questions or need help, call Colorado Access at 1-800-511-5010 or TTY for the deaf or hard of hearing at 1-888-803-4494.
