

*How can We Help?*

SUSTAINING YOUR PRACTICE

# *What can we offer*

Perspective

Encouragement

Knowledge

Ideas

# *Perspective*

Reality can be so complex that equally valid observations from differing perspectives can appear to be contradictory.

***Sustain Your  
Practice***

# Financial Assistance

- Be sure your practice is in touch with your accountant, bank and reputable online information for financial support available to you such as:
  - MEDICARE advanced payment for COVID-19 emergency  
<https://www.cms.gov/files/document/Accelerated-and-Advanced-Payments-Fact-Sheet.pdf>
  - Cares Act provider relief fund
  - SBA paycheck protection program  
<https://www.sba.gov/paycheckprotection/find>
  - SBA economic injury disaster loan
  - SBA express loan
  - Debt relief for other SBA loans

# *PPP Option VS EIDL*

\*You can apply for the EIDL \$10,000 grant and loan, and still be eligible to apply for PPP. However, you may not use EIDL funds for the same purpose you will use PPL funds. Your forgiveness amount could change if funds uses are duplicated.

# Medicare Accelerated /Advanced Payment

---

Accelerated/Advance Payment Request forms vary by contractor and can be found on each individual MAC's website.

---

Complete an Accelerated/Advance Payment Request form and submit it to your servicing MAC via mail or email. CMS has established COVID-19 hotlines at each MAC that are operational Monday – Friday to assist you with accelerated payment requests.

---

You can contact the MAC that services your geographic area. To locate your designated MAC, refer to:

---

<https://www.cms.gov/Medicare/Medicare-Contracting/Medicare-AdministrativeContractors/Downloads/MACs-by-State-June-2019.pdf>.

# ***CARES Act Provider Relief Fund***

On March 27, 2020, the President signed the bipartisan CARES Act that provides \$100 billion in relief funds to hospitals and other healthcare providers on the front lines of the coronavirus response. This funding will be used to support healthcare-related expenses or lost revenue attributable to COVID-19 and to ensure uninsured Americans can get testing and treatment for COVID-19. Recognizing the importance of delivering funds in a fast and transparent manner, \$30 billion is being distributed immediately – with payments arriving via direct deposit beginning April 10, 2020 – to eligible providers throughout the American healthcare system. **These are payments, not loans, to healthcare providers, and will not need to be repaid.**

- Who is eligible for initial \$30 billion
- All facilities and providers that received Medicare fee-for-service (FFS) reimbursements in 2019 are eligible for this initial rapid distribution.
- Payments to practices that are part of larger medical groups will be sent to the group's central billing office.

# ***CARES Act Provider Relief Fund***

- As a condition to receiving these funds, providers must agree not to seek collection of out-of-pocket payments from a COVID-19 patient that are greater than what the patient would have otherwise been required to pay if the care had been provided by an in-network provider.
- This quick dispersal of funds will provide relief to both providers in areas heavily impacted by the COVID-19 pandemic and those providers who are struggling to keep their doors open due to healthy patients delaying care and cancelled elective services.
- **How are payment distributions determined**
- Providers will be distributed a portion of the initial \$30 billion based on their share of total Medicare FFS reimbursements in 2019.
- A provider can estimate their payment by dividing their 2019 Medicare FFS (**not including Medicare Advantage**) payments they received by \$484,000,000,000, and multiply that ratio by \$30,000,000,000. Providers can obtain their 2019 Medicare FFS billings from their organization's revenue management system.
- <https://www.hhs.gov/provider-relief/index.html>

# ***Critical Needs Fund – The Denver Foundation***

- This fund's deadline is April 15<sup>th</sup> .
- Limited scope and focus for funding: Behavioral Health
- [http://floodlight.denverfoundation.org/Stories/Story-Detail/story/CNF-Application-Open?fbclid=IwAR0dWTL\\_eBUOlcw5QFw9liszyAUS1ohd6nYmwJLSNIEQM8o5ayNCMQq2Z0U&goal=0\\_beddaf301b-a860c0aaeb-345020464&mc\\_cid=a860c0aaeb&mc\\_eid=5a0c28545a](http://floodlight.denverfoundation.org/Stories/Story-Detail/story/CNF-Application-Open?fbclid=IwAR0dWTL_eBUOlcw5QFw9liszyAUS1ohd6nYmwJLSNIEQM8o5ayNCMQq2Z0U&goal=0_beddaf301b-a860c0aaeb-345020464&mc_cid=a860c0aaeb&mc_eid=5a0c28545a)

***Sustain Your  
Practice  
\* Nine Steps***

# **Sustaining your practice –rapid response**

- Develop a rapid response team: this could be the lead provider, OM or administrator, a chain of command, who makes decisions?
- Communicate to your employees, your rapid response team is in place, evaluating daily
- Define your priorities; patients staff remain safe
- What is essential and what is not
- What happens when staff or clinicians become ill

# Insurance coverage

- Your practice may or may not be covered by your business insurance policy
- Contact your broker ask for a complete copy of all policies to see if business interruption coverage or other coverage for government emergency orders exist.
- Track your losses and expenses as you will need them to make a claim

# Evaluate ongoing financial obligations

- Revise your financial plan to show loss of revenue from clinical or other services not performed
- Develop a contingency plan-based on estimates of minimum cash flow to stay afloat
- Review any existing loan documents or financial agreements to determine if slow down in business or collections could trigger a default situation

# **Make a financial contingency plan**

- Delay payment of all discretionary bonuses or other discretionary payments
- Consider asking lenders, landlords, and other creditors for forbearance, forgiveness or a standstill and agree to a process of keeping them informed over time
- Assess and evaluate supply needs for products, PPE and other supplies utilized in your practice

# **Understand how to continue business operations**

- Define your essential services
- Decide how you will deliver these essential services
- Not all services can or should be done telehealth i.e. well baby exams ,immunizations
- Create a safe onsite environment to build patient/family trust
- Reach out to patients to encourage continuance of health services via telehealth or onsite if applicable

# **Consolidate administrative resources**

- Business functions in a practice such as phone calls for medication refills, or advice. Who handles and how
- If working remotely be sure all required documentation is completed
- Develop a quick guide, scenarios for responses to patients and FAQs
- Coding and billing are there any modifications in service capacity for outside vendors
- Required documentation for all visits a must

# Stay up to date on care delivery changes

- Federal and state governments have created waivers and adjustments to regulatory hurdles for patient care and financial relief during COVID 19 emergency, designate one or two people to track the changes daily, reporting to clinicians and staff changes and clarifications
- The AMA also has daily updates on transmittals related to COVID-19

# Communicate guidelines to employees

- Many employees are concerned about their own health and safety
- Provide adequate PPE
- Institute interim guidelines for employees for example when they should not report to work
- Who should they contact
- What leave is available to them
- Follow CDC Interim guidance for Business and employers
- <https://www.cdc.gov/coronavirus/2019-ncov/downloads/critical-workers-implementing-safety-practices.pdf>
- Plan for employee furloughs, consult legal counsel, US department of labor offer guidelines

# Utilize digital health tools

- Telehealth
- Remote patient monitoring
- AMA quick guide to telemedicine

<https://www.ama-assn.org/practice-management/digital/ama-quick-guide-telemedicine-practice>

- CMS list of telehealth coding
- <https://www.cms.gov/Medicare/Medicare-General-Information/Telehealth/Telehealth-Codes>

***Colorado Medicaid &  
Telehealth COVID-19***  
**Changes to Telemedicine  
Services**

# *CO Medicaid & Telehealth* **COVID-19** **Changes to Telemedicine Services**

- **Telephone and Live Chat Modalities** - Services that are allowed to be provided by telemedicine under the existing policy will no longer be restricted to an interactive audiovisual modality only. Providers may deliver the allowable telemedicine services by telephone or via live chat. All other general requirements for telemedicine services, such as documentation and meeting same standard of care, still need to be met (see below for more details).
- **Federally Qualified Health Centers, Rural Health Clinics, and Indian Health Services** - For the duration of the COVID-19 state of emergency, Health First Colorado is allowing telemedicine visits to qualify as billable encounters for Federally Qualified Health Centers (FQHCs), Rural Health Clinic (RHCs), and Indian Health Services (IHS). Services allowed under telemedicine may be provided via telephone, live chat, or interactive audiovisual modality for these provider types.
- **Physical Therapy, Occupational Therapy, Home Health, Hospice and Pediatric Behavioral Health Providers** - Health First Colorado has expanded the list of providers eligible to deliver telemedicine services to include physical therapists, occupational therapists, hospice, home health providers and pediatric behavioral health providers. Services allowed under telemedicine may be provided via telephone or interactive audiovisual modality for these provider types.

# ***CO Medicaid & Telehealth* COVID-19 Changes to Telemedicine Services**

The reimbursement rate for a telemedicine service shall, as a minimum, be set at the same rate as the medical assistance program rate for a comparable in-person service. [C. R. S. 2017, 25.5-5-320(2)]

Providers may only bill procedure codes which they are already eligible to bill

Any health benefits provided through telemedicine shall meet the same standard of care as in-person care.

Providers must document the member's consent, either verbal or written, to receive telemedicine services.

# *CO Medicaid & Telehealth* **COVID-19** **Changes to Telemedicine Services**

The availability of services through telemedicine in no way alters the scope of practice of any health care provider; nor does it authorize the delivery of health care services in a setting or manner not otherwise authorized by law

Services not otherwise covered by Health First Colorado are not covered when delivered via telemedicine

The use of telemedicine does not change prior authorization requirements that have been established for the services being provided

Record-keeping and patient privacy standards should comply with normal Medicaid requirements and HIPAA. [Office for Civil Rights \(OCR\) Notification of Enforcement Discretion for Telehealth Remote Communications During the COVID-19 Nationwide Public Health Emergency](#)

# *CO Medicaid & Telehealth* **COVID-19** **Changes to Telemedicine Services**

- To receive reimbursement for telemedicine services, providers must follow the following billing practices:
- UB-04 Institutional Claims - Providers must indicate that the service(s) were provided through telemedicine by appending modifier GT to the UB-04 institutional claim form with the service's usual billing codes. This identifies the service as provided via telemedicine during the COVID-19 State of Emergency.
- CMS 1500 Professional Claims - Place of Service code 02 must be indicated on all CMS 1500 professional claims for telemedicine.
- Only specific CPT/HCPCS are allowed

# ***CO Medicaid & Telehealth* COVID-19 Changes to Telemedicine Services**

- Place of Service 02 should be used to report services delivered via telecommunication, where the member may be in their home and the provider may be at their office. The following list of CPT/HCPCS may be billed using Place of Service code 02:

## **NEW! Expanded List of Services for Telehealth and Virtual Check-In**

From March 31, 2020 until June 18, 2020, UnitedHealthcare has expanded the services that can be covered using telehealth, as well as through a virtual check-In for Medicare Advantage, Medicaid, and Individual and Group Market health plan members. A list of reimbursable codes that can be used during the waiver period can be found under the Billing Guidance section of [Telehealth](#) or [Virtual Check-Ins](#).

***Coding for telehealth***

***<https://www.cms.gov/Medicare/Medicare-General-Information/Telehealth/Telehealth-Codes>***

# Prescribing controlled substances – telehealth

The declaration of the national emergency enacted one of the exceptions to the Ryan Haight Act for telehealth (telemedicine as it is referred to in the Act).

**For as long as the Secretary’s designation of a public health emergency remains in effect, DEA-registered practitioners may issue prescriptions for controlled substances to patients for whom they have not conducted an in-person medical evaluation, provided all of the following conditions are met:**

- The prescription is issued for a legitimate medical purpose by a practitioner acting in the usual course of his/her professional practice
- The telemedicine communication is conducted using an audio-visual, real-time, two-way interactive communication system.
- The practitioner is acting in accordance with applicable Federal and State law.

<https://www.deadiversion.usdoj.gov/coronavirus.html>

# **Prescribing controlled substances via telephone**

- Can only be done if the evaluating practitioner feels an adequate evaluation can be done via phone
- It also has to be for a legitimate medical purpose and all applicable standards of care apply
- It should be noted that this is a guidance document and that it is “not binding on the public and lack the force and effect of law.

<https://www.samhsa.gov/sites/default/files/dea-samhsa-buprenorphine-telemedicine.pdf>

# Opioid use disorder via telephone

Starting March 31, 2020, during this public health emergency may prescribe and dispense buprenorphine to new and existing patients with OUD via telephone if they are:

- Practitioners who are registered with the DEA as an opioid treatment program (OTP) if a program physician, primary care physician, or an authorized healthcare professional under the supervision of a program physician determines that an adequate eval of the patient can be done via phone.
- D ATA-waived practitioners, who have a special registration to qualify for a waiver to dispense buprenorphine for maintenance or detoxification and are complying with all applicable standards of care.

## Scripts for Patient Who Want to Cancel Their AWW

Patient: Hello, I am in the high-risk category for COVID19. I think it is best I reschedule my Medicare AWW.

PIM: Yes Ma'am/Sir. I understand your concerns. In that case, we need to schedule you for a telemed appointment in order for your physician check in with you to continue to refill your medications. When would you be available? We will reschedule the complete physical for a different day.

Patient: I feel fine. I do not need to have the AWW portion right now.

PIM: Mr./Ms. Patient, I totally understand your concerns. However, this current environment is not a time to put your healthcare on hold. Your doctor wants to touch base with you at the very least and refill your medications until he/she is able to see you in the office. Let me get you scheduled to speak with him/her or our PA or NP so we can be proactive about your health."

Patient: Okay, please walk me through what I need to do to proceed with an AWW telemedicine appointment.

# *Script*

- **Script for Patients Who Wants to Cancel Their Routine Physical**
- Patient: I need to cancel my routine physical until this whole COVID19 situation blows over
- PIM: *Mr./Ms. Patient, I totally understand your concerns. However, this current environment is not a time to put your healthcare on hold. Your doctor wants to touch base with you at the very least and refill your medications until he/she is able to see you in the office. Let me get you scheduled to speak with him/her or our PA or NP so we can be proactive about your health."*

# ***Pediatric wellness***

It is critical during this stressful time to check on the well being of families and children. Parental depression screening for moms with infants. Depression screening in children as well.

You want to continue to provide young patients with timely immunizations well visits and check ins for mental health. Therefore, continue to offer well care and immunizations for children 5 and under, as well as immunizations for 11-year-olds. Offer virtual visits for adolescents:

# ***Pediatric wellness***

- Face-to-face well visits and vaccines should be scheduled for 3-day, 2-week, 2-month, 4-month, 6-month, 12-month or 18-month-old and children up to age 5. If families have concerns about this care or want to delay their visit, they are encouraged to schedule a telephone or virtual visit with their child's Primary Care provider (PCP)
- Depression screening for caregiver should continue.
- Questions about and assistance for families with food and other social needs should receive community outreach /referrals.

# *Site Visits*

- **Site visits:**
- Provide masks for family members and children entering any medical office, as a way to protect both sick and well patients.
- Limit the number of adults and children coming to the visit One adult with a child in the exam room, no other children, not being seen, should come to the visit.
- Spread out appointments based on your waiting room space to maintain 6 feet separation.
- Curbside visits not telehealth codes
