

FORMULARY INSTRUCTIONS

At Child Health Plan *Plus* offered by Colorado Access, we want to make sure you get the prescription medications you need.

This is a list of medications covered by your plan. If a medication is not on the formulary list, it is not covered. Use this list to find out if your medication is covered. Medications are listed alphabetically. Updates are generally made at the first of each month.

Each prescription drug has been assigned a tier. Tiers determine what your copay will be. For example, tier one drugs are usually generic and cost the least, so copays for those drugs will be the lowest. A specialty or brand name drug that is more expensive will have a higher copay.

Tiers are listed to the right of the drug name, along with any special codes that apply. You can view an index explaining the codes at the bottom of each page.

If you have any questions, call us at 303-751-9021 or 888-214-1101 (toll free).

Search Tip:

You can search quickly and easily by clicking on the binoculars icon on your toolbar, or by using the command Control+Shift+F. This will display a search box for you to enter the name of the drug you want to find. If you're not sure about the spelling, you can start your search by typing just the first few letters of the drug name.
